OXGuard

Protect the Edge®

OXGuard edge protection is an effective and economical solution that protects products from damage while in transit or storage. OXGuard provides lightweight edge protection, load containment, and uniform weight distribution for improved stacking uniformity and stabilization.

Made from 100% recycled paperboard. It is lightweight, yet strong as an Ox.

Armorboard and Guardian Angle are now OXGuard. Same great product, new name!

All Ox Industries converted products are manufactured from 100% recycled material and are 100% recyclable.

You will love our not-so-standard standards!
