

OX INDUSTRIES

Every Tube. Every Core. Every Customer. Every Time.

We manufacture our tubes and cores from 100% recycled paperboard from the Ox Paper Mill Division. We maintain stewardship from start to finish, assuring the highest quality, efficiency, and precision to meet each customer's needs.

Count on OX

The Ox team is rooted in the paper industry with the ability to provide technical support and confirm exact specifications.

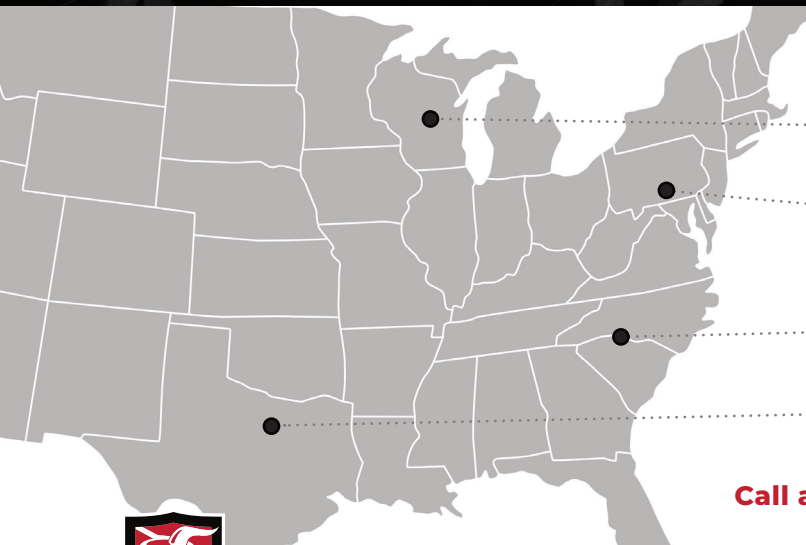

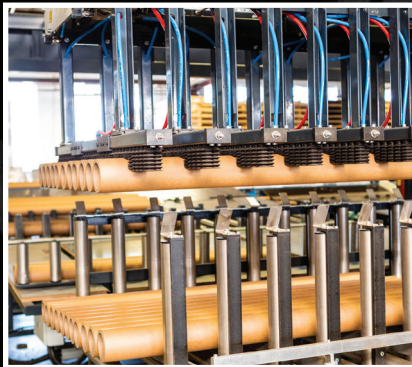

All of our products are manufactured from recycled materials
